Cars will come down the hill into turn 10, and make a right turn onto the back straight of the oval, continue through NASCAR 3&4, the pace car will turn into pit lane, and cars will take the green at start finish. Cars will maintain pace car speed until given the green flag. Cars which do not maintain pace car speed may be black flagged. Starts that are waved off will continue to use NASCAR 3&4, until given the green flag. Any restarts during the race will be made using the normal racing course.

RACE and PIT PROCEDURES:

Yellow Light - The Yellow Strobe Light between turns 10 & 11 is used in conjunction with a waving yellow flag at Station 11. The No Passing Zone is from the light to the incident when the light is illuminated. The light may be used for an incident between the light and the corner station as well as an incident past the station.

Sound – NHMS track sound limitation is 99db. Cars posting over 99db will be notified as soon as possible after the first reading.

Last Lap Signal – Whenever possible, the last lap in a race will be shown by the Starter displaying either a waving white flag or a sign with a number ONE to the field. This display, or the lack thereof, is informational only and non-protestable.

Checkered Flag – a checkered flag may be displayed at additional stations to end a session.

On-Track Contact: All competitors involved in contact during a session must report to “Contact Impound” to submit a report. All on track body contact (including contact during drafting) that causes a car to act erratically and result in a change of position or a car leaving the course will be investigated.

RESULTS - Results will be posted at Media Center. Log Books will be available one hour after on-track sessions are over or when announced.

CANCELLATION - The event organizers reserve the right to cancel/postpone this event should circumstances beyond their control develop. When possible, all entrants will receive advance notice of such action with advice on refund arrangements
